

ProAlert® – XPA Series

Explosion Proof Audible | Visual Alarm

Dimensions (mm)

- ✓ Aluminum Alloy Explosion-Proof Body
- ✓ Superior Gasketing Seals
- ✓ Cooling Fins for Heat Dissipation
- ✓ Big Horn for Smooth, Loud Sound

Unmatched Power for Hazardous Zones

Experience the power and reliability of **ProAlert® XPA Series**, designed for the toughest environments. With superior heat dissipation, optimal sealing and robust 180dB or 120dB output options, it is perfect for industrial applications. Maintenance friendly and ready to perform without warm-up time, XPA Series ensures safety in every critical application.

Specifications

Input Voltage	24VDC 115VAC
Power	20W 5W
Sound Strength (dB)	120 180
Flash Frequency	150/Min
Color	Red Yellow Blue Green
Emergency Start Time	<0.3s
Conduit Entries	3/4" G Type
Mounting Style	Base Mount
Protection Class	IP65
Materials	Housing : Die Cast Aluminum
	Exterior: Stainless Steel
	Globe: Tempered Glass
	Gasket: Silicon Rubber
Certifications	ATEX CNEX CE RoHS

Model Selection

Part Number	Description
XPA-180	180dB Alarm
XPA-120	120dB Alarm
